We can create links from your listing to virtually anything you want potential customers to see.

- Certificates and Documents – allow quick access to MSDS sheets, Kosher certification letters, organic certification letters, plant audit results, etc.

- Graphics – Show off your award-winning designs or innovative processes
- Sell Sheets – Tell customers about new products when they launch

These are just some examples of the kind of information you can make available to customers. If you have other ideas, let's talk about them!

If your item is already on your company web site, we can link right to the specific page so users can quickly find what they are looking for. If you don't have your item posted, we can post your item within our site and link to it there.
